Index to Volume 1, 1982/1983

Ashton, F. M., Glenn, R. K.: Influence of D- and L-Isomers of Napropamide on Selected Metabolic Processes and Plant Growth 277
Bomsel, J. L., see Sossountzov, L. et al. 173
Branca, C., Maggiali, C. A., Mingiardi, M. R., Ricci D.: Anti-Auxin Effects of 3-Oxo-1,2-Benzisothiazolin-2-Ylacetic Acids 243
Carr, J. B., see Moore, P. H., et al. 205
Chenou, E., see Sossountzov, L., et al. 173
Choinski, Jr. J. S.: Effect of AMO-1618 on Glyoxysomal Enzyme Activity and Sterol Synthesis in Castor Bean Endosperm 227
Curtis, R. W.: Phytochrome Requirement for Antiethylene Activity of $AgNO_3$ with Regard to Ethephon-induced Leaf Abscission by *Vigna radiata* .. 187
Dreher, T. W., Poovaiah, B. W.: Changes in Auxin Content During Development in Strawberry Fruits 267
Einhellig, F. A., Schon, M. K., Rasmussen, J. A.: Synergistic Effects of Four Cinnamic Acid Compounds on Grain Sorghum 251
Evans, M. L., see Mulkey, T. J. 259
Fujihara, S., see Sakurai, N., et al. 75
Galston, A. W., see Goren, R., et al. 61
Garcia-Martinez, J. L., Rappaport, L.: Contribution of the Leaves to Gibberellin-Induced Epicotyl Elongation in Cowpea 129
Gersani, M., Kende, H.: Studies on Cytokinin-Stimulated Translocation in Isolated Bean Leaves 161
Ginoza, H., see Moore, P. H., et al. 205
Glenn, R. K., see Ashton, F. M. 277
Graebe, J. E., see Hedden, P. 105
Goren, R., Palavan, N., Galston, A. W.: Separating Phytochrome Effects on Arginine Decarboxylase Activity from Its Effect on Growth 61
Hatzios, K. K.: Comparative Effects of Methazole and Two of Its Degradation Products in Plants on the Metabolism of Enzymatically Isolated Leaf Cells of Velvetleaf (*Abutilon theophrasti* Medic) 305
Hedden, P., see Wurtele, E. S., et al. 15
Hedden, P., Graebe, J. E.: Cofactor Requirements for the Soluble Oxidases in the Metabolism of the C_{20}-Gibberellins 105
Jouanneau, J.-P., see de la Serve, B. Teyssendier, et al. 25
Kato, J., see Ueda, J.: 195
Kende, H., see Gersani, M. 161
Ketchersid, M. L., Vietor, D. M., Merkle, M. G.: CGA-43089 Effects on Metolachlor Uptake and Membrane Permeability in Grain Sorghum (*Sorghum bicolor*) 285
Kliewer, W. M., see Szyjewicz, E. 295
Lee, T. T.: Promotion of Indole-3-Acetic Acid Oxidation by Glyphosate in Tobacco Callus Tissue 37
Maggiali, C. A., see Branca, C., et al. 243
Masuda, Y., see Sakurai, N., et al. 75
Merkle, M. G., see Ketchersid, M. L., et al. 285
Mingiardi, M. R., see Branca, C., et al. 243
Moore, P. H., Osgood, R. V., Carr, J. B., Ginoza, H.: Sugarcane Studies with Gibberellin V. Plot Harvests vs. Stalk Harvests to Assess the Effect of Applied GA_3 on Sucrose Yield 205

Mulkey, T. J., Evans, M. L.: Suppression of Asymmetric Acid Efflux and Gravitropism in Maize Roots Treated with Auxin Transport Inhibitors or Sodium Orthovanadate 259
Naylor, J. M., see Sawhney, V. K., et al. 49
Nowak, J., Veen, H.: Effects of Silver Thiosulfate on Abscisic Acid Content in Cut Carnations as Related to Flower Senescence 153
Osgood, R. V., see Moore, P. H., et al. 205
Palavan, N., see Goren, R., et al. 61
Péaud-Lenoël, C., see de la Serve, B. Teyssendier, et al. 25
Phinney, B. O., see Wurtele, E. S., et al. 15
Poovaiah, B. W., see Dreher, T. W. 267
Rappaport, L., see Garcia-Martinez, J. L. 129
Rasmussen, J. A., see Einhellig, F. A., et al. 251
Ricci, D., see Branca, C., et al. 243
Ries, S., Wert, V.: Rapid Effects of Triacontanol in Vivo and in Vitro 117
Riov, J., Yang, S. F.: Effects of Cycloheximide on Ethylene Production in Intact and Excised Citrus Fruit Tissues 95
Sakurai, N., Fujihara, S., Yamamoto, R., Masuda, Y.: A Stress-Relaxation Parameter b of the Oat Coleoptile Cell Wall and Its Implication in Cell Wall Loosening 75
Sawhney, V. K., Naylor, J. M.: In Vitro Studies on the Dormancy of Excised Axillary Buds of *Tradescantia paludosa* 49
Serve, de la, B. T., Jouanneau, J.-P., Péaud-Lenoël, C.: Covalent Link of the N^6-(Δ^2-isopentenyl) adenine Nucleotide to the rRNA of Cytokinin-Requiring and of Cytokinin-Autonomous Tobacco Cells 25
Schon, M. K., see Einhellig, F. A., et al. 251
Schreiner, D. R., see Suttle, J. C. 139
Sisler, E. C.: Ethylene-Binding Properties of a Triton X-100 Extract of Mung Bean Sprouts 211
Sisler, E. C.: Ethylene Binding in Normal, rin, and nor Mutant Tomatoes 219
Sossountzov, L., Bomsel, J. L., Vinel, D., Chenou, E.: Analysis of Apical Dominance in the Aquatic Fern, *Marsilea drummondii* A. Br.: Evolution of Energy Metabolism in Lateral Buds After Decapitation of the Sporophyte 173
Sponsel, V. M.: Effects of Applied Gibberellins and Naphthylacetic Acid on Pod Development in Fruits of *Pisum sativum* L. cv. Progress No. 9 147
Suttle, J. C., Schreiner, D. R.: The Biological Activity of AC 94,377 [1-(3-Chlorophthalimido)-Cyclohexanecarboxamide] 139
Szyjewitz, E., Kliewer, W. M.: Influence of Temperature and Ethephon Concentration on Growth and Composition of Cabernet Sauvignon Grapevines 295
Tobin, E. M., Turkaly, E.: Kinetin Affects Rates of Degradation of mRNAs Encoding Two Major Chloroplast Proteins in *Lemna gibba* L. G-3 3
Turkaly, E., see Tobin, E. M. 3
Ueda, J., Kato, J.: Abscisic Acid and C_{18}-Unsaturated Fatty Acids as Senescence-Promoting Substances from Oat Plants 195
Veen, H., see Nowak, J. 153
Vietor, D. M., see Ketchersid, M. L., et al. 285
Vinel, D., see Sossountzov, L., et al. 173

Wert, V., see Ries, S. 117
Wilkinson, R. E.: Mefluidide Inhibition of Sorghum Growth and Gibberellin Precursor Biosynthesis 85
Wurtele, E. S., Hedden, P., Phinney, B. O.: Metabolism of the Gibberellin Precursors ent-Kaurene, ent-Kaurenol, and ent-Kaurenal in a Cell-Free System from Seedling Shoots of Normal Maize 15
Yamamoto, R., see Sakurai, N., et al. 75
Yang, S. F., see Riov, J. 95
